

Summer Reading Alternate Book Request

If a student would like to request substituting a book listed on the published approved book list, this form must be filled out and given to his/her current English teacher for approval. A parent or guardian must approve the book choices their student is requesting on this form. This form must be signed and returned to the student's English/Language Arts teacher before the end of the school year. Please keep in mind that books selected should be written at an appropriate reading level for the student. Understanding that while the content of some books might be deemed appropriate by some parents, they may not be viewed as acceptable for a WCA reading assignment.
